PRESIDENT, CITY MUNICIPAL COUNCIL,

MYSORE

To

B. Ramaswamiah, Esquire., B.A., B.L.,

Offg Secretary to the Government of His Highness

the Maharaja of Mysore, Revenue Department

SIR,

I have the honour to state that as per Government Proceedings No 5154-5 ML 12-17-47 dated 18th March 1918, a portion of the establishment of the Municipality was revised and effect has been given to the revision. Some appointments mentioned in the accompanying Memo were not considered when the proposals were submitted mainly on financial grounds. These were since considered by the Municipal Council and they have approved of the revision of the remaining establishment for reasons detailed in the Memo referred to in their meeting held on the 29th June 1918. A copy of their resolution No IV dated 29th June 1918 is enclosed for reference.

2. The present proposals involve a net extra expenditure of Rs.200½ per month, or only Rs 2406 per annum, which can be met with from the increase of income already obtained this year under the head miscellaneous items, such as tolls, market fees and rents &c, amounting to more than Rs 8000/- Additional income is also anticipated from the revision of taxes on buildings and lands which will come into effect from next year.

3. The extra cost during the current year will be met by reappropriation from sanctioned grants and due provision will be made

made in the budgets of future years for this extra recurring charge

4. I request that you may be so good as to place the matter before Government and obtain their early sanction to the proposals of the Municipal Council. An efficient and satisfied staff is necessary for Municipal Administration.

5. A proposition statement in the usual form is also appended.

I have the honour to be,

S i r,

Your most obedient servant,

P r e s i d e n t.

TPR

MEMO

In the recent revision of establishment sanctioned by the Government, the appointments noted below were not considered, mainly on financial grounds. As these appointments are equally important and the officials have to do responsible work, the grounds on which increments were granted to the other officials apply with as much, and in some cases with greater force, to them also.

Viz -

- i. English Clerk,
- ii. Head Clerk, Health Office,
- iii. Statistical Clerk, Health Office,
- iv. Mutsaddi, Health Office,
- v. Sub-Overseers and Draughtsman
of the Engineering Department.
- vi. Shroff
- vii. Record-keeper

2. (1) As regards the English Clerk, his duties have increased considerably with the enlarged Council and various meetings of the Committees and Sub-Committees. He has to do all the routine drafting work, attend to papers circulated to Council and Committees and to do Manager's work during the latter's absence on leave or otherwise. A qualified candidate with a fair capacity for putting up drafts &c., is required for this place. The Office Head-Accountant's pay has been recently fixed at Rs. 30-2-40

2.

It is proposed that the English Clerk should also be graded likewise and given Rs. 30-2-40 as his work is not less onerous than the Head-Accountant's

ii to iv.- The pay of the three officials of the Health Office, Viz. Head-Clerk, Statistical Clerk and Mutsaddi has long been approved of by the Council to be Rs. 25-1-30, 20-1-25 and Rs 15-1-20 respectively, but could not be given effect to for want of funds, and may now be sanctioned.

v. Sub-Overseers - These Sub-Overseers and Draughtsman have been drawing this low scale of pay for a long time and have no promotion to look forward This is not conducive to zealous work and efficiency especially when in the P W D, similar officials get comparatively more pay besides regular flow of promotions. It is therefore proposed to grade them as follows.-

2 Senior Sub-Overseers on	Rs. 35-5-50	With usual
1 Junior Sub-Overseer on	Rs 25-5-35	allowances
1 Draughtsman on	Rs. 25-1-30	

Besides these, owing to the expansion of the City on all sides and the formation of new roads and lanes, with ever increasing calls for checking the plans and designs submitted for licenses and

frequently

(3)

frequently attending and supervising building operations etc , the existing establishment of 3 Sub-Overseers has been found to be utterly inadequate, and the work of maintaining the roads &c., in good order, has been suffering. It is therefore proposed that another Sub-Overseer on Rs. 25-5-35 be appointed permanently to the Municipal Engineering Establishment.

Similarly the staff of existing 4 Sanitary Inspectors have been found by experience to be quite inadequate to maintain clean and effective supervision over the large conservancy staff employed for keeping the City clean, and unless superior supervision is stiffened, this most essential function of the Municipality will continue to be ineffective. It is therefore absolutely necessary that the number of Sanitary Inspectors should be increased by at least two and an Assistant Sanitary Inspector also employed to attend to the work of trenching night-soil and septic tank which work requires the sole attention of a subordinate. Of these, one will be deputed for work under the President to attend to daily inspections, complaints and licenses &c , and the other will be attached to the Health Office, and the mohallas will be re-distributed among 5 Sanitary Inspectors.

4.

(vi) and (vii).- The pay of the Shroff was fixed at 15-1-20 in 1907, since then conditions have changed and the work has increased owing to increase of revenue, and accounts have to be maintained as per Municipal Accounts Manual. So a slight increase viz - 20-1-25 is proposed, similarly the Record Keeper's work has also increased and so his pay is also proposed to be fixed at Rs. 20-1-25

These proposals work out thus -

	<u>Present pay</u>	<u>Proposed.</u>	<u>Net increase.</u>
		Rs	Rs
1. English Clerk . .	Rs. 20-1- 25	30-2-40	13 $\frac{3}{4}$

11. Draughtsman... . .	20-1-25	25-1-30	5
	Total increase per month		
	Rs		276 $\frac{3}{4}$

3. In addition to this, it is also necessary to make permanent the following establishment, which is now temporary.-

1. License Clerk on Rs. 15/-
2. Hackney carriage Inspector on Rs. 15-1-20 plus 5.

5.

3. Baramarga Manegar on Rs. 12/-.

The pay of the Hackney Carriage Inspector is proposed to be raised to Rs. 20 plus $7\frac{1}{2}$ as with the increase of Public Conveyances and the need to see them maintained in proper form, a superior official is necessary, and that of the Baramarga Manegar to Rs. 15/- changing the designation to Miscellaneous Accountant, as he has to check all the Octroi passes every day and to maintain Registers of - miscellaneous demands, Municipal property, license register of dangerous and offensive trades etc.

4 The cost of these three appointments will be Rs. 50 plus $7\frac{1}{2}$ per month. This plus $276\frac{3}{4}$ - above mentioned will involve a net additional expenditure of Rs. $334\frac{1}{4}$ a month.

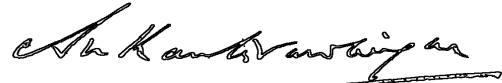

5. To meet this additional expenditure, there are the following provisions.-

1. Savings effected by the abolition of the Baramarga establishment	Rs. 95/-
2. Hackney carriage Inspector's pay.	$23\frac{3}{4}$
3 License Clerk. ...	<u>15</u>
Total Rs	<u>$133\frac{3}{4}$</u>

The net extra expenditure involved is Rs $200\frac{1}{2}$ per month or only Rs. 2406 per annum, which can be met with from

6.

from the increase of income anticipated by the revision of taxes, interest on deposits and increase of tolls, taxes and rents from markets etc, which have already shown signs of improvement and will considerably improve with more care and vigilance of an adequate and satisfied staff.
